Mr. Gautam D. Mehetre  
Mr. Raju R. Thenge  
Mr. Rameshwar S. Cheke  
Mr. Sachin D. Shinde

Pee Vee (Read.)

## Contents

### Unit I

- Chapter 1. Controlled Release Drug Delivery Systems** 3-28
- 1.1 Introduction<sup>3</sup>, 1.2 Definitions<sup>4</sup>, 1.3 Advantages and Limitations of Controlled Release Dosage Forms<sup>4</sup>, 1.4 Rationale behind Development of CRDDS<sup>5</sup>, 1.5 Biopharmaceutic and Pharmacokinetic Aspects in the Design of Controlled Release per Oral Drug Delivery Systems<sup>6</sup>, 1.6 Desired Biopharmaceutic Characteristics of Drug to Qualify for CRDDS<sup>7</sup>, 1.7 Pharmacokinetic Parameters<sup>8</sup>, 1.8 Modeling and Comparison of Dissolution Profile<sup>9</sup>, 1.9 Approaches to Design Controlled Release Formulations<sup>10</sup>, 1.10 Factors Influencing Formulation of Controlled Release Drug Delivery Systems<sup>11</sup>
- Chapter 2. Polymers in Controlled Release Drug Delivery Systems** 29-50
- 2.1. Introduction<sup>3</sup>, 2.2 History<sup>3</sup>, 2.3. Role of Polymers in Pharmaceutical Drug Delivery<sup>3</sup>, 2.4. Types of Polymer based Drug Delivery Systems<sup>4</sup>, 2.5 General mechanisms of drug release from polymers<sup>36</sup>, 2.6. Classification of Polymers<sup>37</sup>, 2.7 Applications of Polymers in Pharmaceuticals<sup>37</sup>, 2.8 Plant Derived Polymers as Excipients in Drug Delivery Systems<sup>3</sup>, 2.9 Applications of Polymers in Controlled Release Drug Delivery Systems<sup>3</sup>

### Unit II

- Chapter 1. Microencapsulation** 53-78
- 1.1 Introduction<sup>3</sup>, 1.2. Types of Microparticle DDS<sup>5</sup>, 1.3. Types and Mechanisms of Drug Release<sup>7</sup>, 1.4. Methods of Microencapsulation<sup>9</sup>, 1.5. Applications of Microencapsulated DDS<sup>9</sup>, 1.6 Advanced Applications of Microparticle DDS<sup>10</sup>, 1.7. Applications in the Therapeutic Practice<sup>74</sup>
- Chapter 2. Mucosal Drug Delivery System** 79-100
- 2.1. Introduction<sup>3</sup>, 2.2. Definitions<sup>9</sup>, 2.3. Advantages of mucoadhesive drug delivery<sup>9</sup>, 2.4. Overview of Buccal Mucosa<sup>11</sup>, 2.5 Mechanism of Bio/Mucoadhesion<sup>3</sup>, 2.6. Theories of Mucoadhesion<sup>35</sup>, 2.7 Factors affecting muco/ bioadhesion<sup>7</sup>, 2.8 Design of Buccal Dosage Forms<sup>9</sup>, 2.9 Types of Bucco-adhesive Drug Delivery Systems<sup>11</sup>, 2.10 Evaluation of mucoadhesive dosage forms<sup>3</sup>
- Chapter 3. Implantable Drug Delivery System** 101-120
- 3.1. Introduction<sup>101</sup>, 3.2. Implantable Drug Delivery Devices Classification<sup>103</sup>, 3.3 Mechanisms of Drug Release from Implantable Drug Delivery Systems<sup>109</sup>, 3.4 Methods of Implant Manufacture<sup>11</sup>, 3.5 Implantable Polymeric Device Design<sup>11</sup>, 3.6 Therapeutic Applications of IDDS<sup>14</sup>

## About the Authors

### Mr. Gautam D. Mehetre

Mr. Gautam D. Mehetre completed his graduation from Anuradha College of Pharmacy, Chikhali (SGBAU, Amravati) in 2006 and Post Graduation in Pharmaceutics from K.M. College of Pharmacy, Madurai (The Tamil Nadu Dr.M.G.R. Medical University, Chennai) in 2009. Presently, he is working as Assistant Professor in Dr. Rajendra Gode College of Pharmacy, Malkapur, Dist. Buldana. He has 11 years of teaching experience. He has taught Biopharmaceutics and Pharmacokinetics, Biotechnology and Bioinformatics, Pharmaceutical Microbiology and Biotechnology at Post Graduate as well as at Under Graduate level. He has published 15 research articles in international and national level journals.

### Mr. Raju R. Thenge

Mr. Raju R Thenge had completed his B. Pharm from Shree Gurudatta Shikshan Prasarak Sansthas, Institute of Pharmacy, Akola and M. Pharm from Sankarlingam Bhuvneswari College of Pharmacy Sivakasi affiliated to The Tamilnadu Dr. M. G. R Medical University, Chennai, Tamilnadu. He is presently working as Assistant Professor at Dr. Rajendra Gode College of Pharmacy, Malkapur. He is member of various organizations such as Controlled Release Society Indian Chapter, Association of Pharmaceutical Teachers in India. He has guided more than 15 post graduate students of Pharmacy. He has more than 40 research articles in reputed National and International journals to his credit. He has presented several papers in National and International conferences.

### Mr. Rameshwar S. Cheke

Mr. Rameshwar S. Cheke is currently working as assistant professor (Pharmaceutical Chemistry) at Dr. RGCOP Malkapur. He has done his graduation from Anuradha college of Pharmacy, Chikhali and Post Graduation from R C Patel Institute of Pharmaceutical Education and Research, Shirpur, in KBCNNU, Jalgaon Maharashtra. He has 3 year experience in Academics. He has published 8 research papers in different national and international peer review journals with 5 books. He currently involved in research on various heterocycles as anticonvulsants and antitubercular.

### Mr. Sachin D. Shinde

Mr. Sachin D. Shinde is currently working as Assistant professor in Pharmacology Department at Shri. R. D. Bhakt College of Pharmacy, Jalna. Qualified two times GPAT exam. He has completed his graduation from Anuradha College of Pharmacy, Chikhali and Post Graduation from R C Patel Institute of Pharmaceutical Education and Research, Shirpur. He has 3 year experience in academics. He has delivered many lectures on GPAT. He has published 14 research papers in different national and international journals and 5 Books.
