Guidelines for Ban of Plastic Use in Higher Education Institutions

Introduction

Plastic pollution is currently one of the biggest environmental concerns. The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Over the past century, excess-consumption of plastic has surpassed management of plastic waste and led it to become a scourge to the planet. Plastic is a menace that impacts not the environment as well as our health and wellbeing. We have all contributed to this problem, knowingly and unknowingly and we must work to reduce and eliminate plastic pollution.

Government has decided to take plastic ban as a national level campaign to address the environmental hazards being caused by the indiscriminate use of plastic. Educational institutions must lead this nation-wide endeavour. There is a need for educational institutions to actively contribute to the effort of banning the use of single use plastics.

Guidelines

This guideline intends to help Indian HEIs to achieve plastic free campus. It is not meant to be exhaustive but to provide directions and tips which shall be applicable to all institutions in general. The guidelines encourage universities to adopt policies and practices towards cleaner and plastic free campuses.

- All institutions to carry out awareness drives and sensitising workshops on the harmful impacts of single use plastics.
- Ensure plastic-free campuses in the institutions. Students and faculty must work towards this in mission mode. Usage of plastics should be stopped in canteens, shopping complexes in the institution's premises and hostels, etc. Students may not be permitted to bring non-bio-degradable plastic items to the institution
- Every student will strive to make his/her household plastic free.
- Students to be incentivised to carry out similar campaigns at community level
- Installation of necessary alternative facilities like water units to avoid the purchase and use of plastic water bottles.
- Ensure presence of alternative solutions like cloth bags etc., to plastic bottles, covers and other goods on campuses.
- Conducting events and poster competitions etc. on designing ecological and environment friendly goods to minimise the use of single use plastic.

UNIVERSITY GRANTS COMMISSION

“Swachhata Hi Sewa Campaign”

UGC Guidelines for Ban of Plastic Use in Higher Education Institutions

Whereas plastic waste has emerged as one of the biggest environmental concerns adversely impacting the soil, water, health and well-being of citizens at large;

Whereas excess-consumption of plastic combined with limited waste disposal systems has become a challenge to the urban waste disposal systems, and has choked the rivers and water systems in rural areas;

Whereas the time has come for a systematic campaign to reduce the usage of plastic, especially the single use plastic;

Whereas the Government has decided to take plastic ban as a national level campaign to address the environmental hazards being and bring attitudinal changes that shun use of plastics; and

Whereas the educational institutions have the unique spread and influence to educate the students and households on the need for avoiding usage of plastics,

University Grants Commission hereby issues the following guidelines for all the higher educational institutions in the Country:

Guidelines

1. Scope of guidelines:

- (a) These guidelines are applicable to all the higher educational institutions (HEIs) in the Country.
- (b) They encourage HEIs (universities and colleges) to adopt policies and practices towards cleaner and plastic free campuses.

2. All the HEIs in the Country shall strive to make their campuses 'plastic-free' by systematically banning use of plastics and replacing the same with suitable environmental friendly substitutes.

3. Every HEI shall:

- a. Ban use of single-use plastics in canteens, shopping complexes in the institution's premises and hostels, etc.
- b. Carry out awareness drives and sensitization workshops on the harmful impacts of single use plastics.
- c. Mandate all students to avoid bringing non-bio-degradable plastic items to the institution.
- d. Encourage their students to sensitize their respective households about harmful effects of plastics and make their households 'plastic free'
- e. Install necessary alternative facilities like water units to avoid the use of plastic water bottles, and encourage use of alternative solutions like cloth bags, paper bags etc., instead of plastic bottles, bags, covers and other goods on campuses.

4. All HEIs which have adopted villages under Unnat Bharat Abhiyan shall undertake a campaign in their adopted villages till they are converted into 'plastic-free villages' through promoting awareness and encouraging shift to alternative products.

	<ol style="list-style-type: none">4. Monitor frequently, and keep fortnightly record of Daily/ Monthly/ Till Date Generation as per attached sheet and send these details in case of any problem.5. Ensure MSEDCL meter reading person takes both readings- IMPORT and EXPORT from the NET METER and those are appearing on the monthly bill. Also check whether your banked units carried from the previous bill are forwarded to your latest bill.6. Contact MSEDCL immediately in case of discrepancy. Electricity Bill issues are not in our scope, as that is governed by the bilateral agreement between purchaser & MSEDCL.7. Solar generation is dependent on the solar irradiation at site. It also gets affected by inadequate cleaning, dust and shadow, & dirty spots which block the solar irradiation. Even a very small shadow on a single panel can reduce the generation by 90% as all panels are connected in series.8. Generation also gets affected if the supply from MSEDCL is intermittent and if there is lack of power supply due to power failure and load shading.9. Electricity bill depends on your solar generation and actual load consumption and usage also. While solar generation is limited by the above parameters, NET electricity bill depends both on your consumption as well as generation.
--	--

Note that the agreement is subject to keeping the self-maintenance record of Inverter output and Net Meter Export Import and Generation Meter as per the attached sheet on fortnightly basis. & inform in case of any problem to Spacefire Corp on 9833191664.

This warranty does not cover any physical damage due to any cause including but not limited to natural calamities.

This agreement is valid subject to full and final payment as per the PO. Till full and final payment, the entire material of this Grid Connected Solar System will be the property of SPACEFIRE CORP.

This agreement is valid only if signed by proprietor of Spacefire Corp & sent by Whatsapp / Email from mobile no. 9833191664 or spacefirecorp@gmail.com.
